(PAH) Presentation of Resolution 2021-127 Addendum AA

Commemorating the October 3rd Signing of the Immigration and Nationality Act of 1965

(JC) Was grateful for the opportunity to present this special Resolution. Many ethnicities and multicultural groups have been recognized in the past. The Asian community is about 20% of the population in Harrington Park and 30% of the Northern Valley School system students are Asian.

As of late, there has been much Anti-Asian hate and violence which is truly horrifying. The community is no longer suppressed in COVID fears, and is committed to fend off the craziness that is interjected into our lives, while trying to find ways to go back to normalcy. Both St. Andrews Church, and the Community Church of Harrington Park, have held events that celebrate diversity and bring together the community. The School has also held a variety of programs.

JC is most grateful and proud of the Harrington Park community and how well they have worked together at this time.

The Immigration and Nationality Act of 1965 enabled families such as Councilwoman Chung's to come to this country for a better life. This Resolution provides a deeper understanding for people of all backgrounds.

Phil Lee, Harrington Park

Very grateful for the acknowledgement of this resolution and the support of the Borough of Harrington Park

Janie Chung, Councilperson Closter

She commended our community for the proactive steps taken for such support. Without the Immigration Act her family would not be here. She plans on making the same recommendation to Closter. All were thanked once again.

Brett Finer, Harrington Park

He acknowledged how important this resolution is to so many people, especially for JC. He stated that he would do all he could in his power to help with public outreach.

Eric Fishbein, Harrington Park

As past BOE member, he thanked JC and the Mayor and Council for passing this important resolution.

Dr. Adam Fried, Supt. Harrington Park School

Fourteen and half years ago, he came to Harrington Park and has seen how the community has embraced everything that council has done for the families of the town. This is one of

the major reasons people come to Harrington Park. It is an honor to work hand in hand with the Mayor and Council. He is looking forward to the continuation in the future. The Harrington Park School District will stand side by side with the Harrington Park community.

Brenda Cho, HP Board of Education

Thanked JC and Council for all they have done, and all they are doing. Since she has been on the BOE, it has been her goal to raise historic leaders right in Harrington Park. This special resolution, and all the support it is receiving, will change so many lives. Thank you.

Meeting Closed for Comment

JC concluded that it is an honor to have such a strong sisterhood relationship with Councilwoman Chung from Closter. It is so important that all has a common goal. It is equally important for the Mayor and Council and the Board of Education to blend together and work on the same side of the table, to best serve our community. JC was grateful for everyone's support.

Old Business

(GE) Will reach out to Officer Flyge to get an update on speeding on Laroche/Parkside. Officer Flyge had suggested Stop Signs in that area.

New Business

(AN) Chief Jesse Baragato (CJB), Harrington Park Fire Department Chief

CJB requested Council consider an Ordinance that would permit the Fire Department to require KNOX boxes on life hazard locations such as the school, Allegro, Brookside Village, enabling quicker responses from the Fire Department. Included would be a keytracking device as an additional safety/privacy measure.

AN stated he will follow up to move forward

CJB also requested that the Fire Department be notified when a demolition permit will be issued so the Department can reach out to the homeowner/contractor to possibly use the location for training. In addition, it would be handy if the Fire Department had copies of house plans (with basement or attic accessibility)-such as an As-Built. Electronic copy would be great and could help profusely to fight a fire.

(GE) Two weeks prior, an email was forwarded to GE requesting crosswalks on Blanch Avenue. These would designate locations for students walking to the High School in Old Tappan.

Neglia reviewed the locations on Lynn Street, Lee Avenue, Blanch Avenue, Dorotockey Road. They advised that the County would decline this type of construction since these

are sidewalks to nowhere. Sidewalks are, in many cases, permissible if they are contiguous, leading to a specific location. In addition, there is question of line of site for some of the locations.

(JC) Ulla Novina Sculpture

JC explained that at the age of 16 she was amazed by the talent of Mrs. Novina. Now, that Mrs. Novina is in her senior years, there is a request to place one of her sculptures near the Library. JC will also look at other locations, to ensure that an appropriate location is chosen for all to enjoy.

- (AN) Pictures were distributed to Council regarding an update to the trash issue along the CSX lines. Despite the trains that come through with trash on them, which flies off while moving, the DPW, and County, along with Councilwoman Walker, are staying as best they can on top of this continuing issue. AN thanked all for addressing this problem.
- (GE) Officer Leeman and Officer Pedersen responded to a call on Lynn Street and administered NARCAN, saving a landscaper's life.
 The Chief will recognize both at a future meeting.

Jessie Barragato, Schraalenburgh Road

Requested help to reach out to the County and PSEG to finish the work from 4 years ago at a location where there was a gas main repair. The road is quite bumpy and can be loud

Mr. Barragato also requested consideration of lowering the speed limit in that area. Haworth has done this already.

Josie Adelstein, Brook Street

Thanked DW for straightening street signs in a few locations

Requested the Penn Street entrance of DPW repaired and have the metal railing along the parking lot replaced to look better.

Ms. Adelstein referred to the business area as a "ghetto," adding that there are too many potholes, and that it looks like no one takes care of anything.

DW explained that part of the entrance is for the DPW. Council has chosen not to pave that portion so they can pave residential locations. The other part of the drive is private property.

DW will reach out to Mr. Mcquade regarding maintenance.

Ms. Adelstein complained that the Borough is not using all of its resources to update the Borough website. JC responded that the committee to review needs to determine the

decision. JC offered to speak with Ms. Adelstein for see what she considers needs changes. However, JC does not anticipate anything may be done for a couple of months.

Addendum AA 2021-127 Resolution

Commemorating the October 3rd Signing of the Immigration and Nationality Act of 1965

Whereas, on October 3, 1965, President Lyndon Johnson signed into law the Immigration and Nationalization Act of 1965, ending over eighty years of discriminatory national policy based on race and national origin. It triggered one of the largest immigration waves in our nation's history. The Act overturned and replaced a series of immigration laws that had banned and prevented Asians from entering the country theretofore. Countries from both Western and Eastern hemispheres were given equal standing and opportunities for immigration. No longer determined by race and nationality, preference in allocating visas was instead placed on family reunification and skilled labor.

Whereas, having previously been barred entry up until then, the Immigration and Nationality Act of 1965 birthed the modern wave of Asian immigration that is still in motion today. The population growth of Asian Americans in this country has far outpaced overall population growth almost ever since the passage of this Act. Today, Asian Americans are currently the fastest growing demographic group in the country.

Whereas, as the Asian American population has grown, so has their integration into every facet of American society, from the arts to the sciences and to the humanities, which can be readily seen within our own communities, as well as through their many contributions to our society over time.

Whereas, Bergen County is home to one of the densest Asian American populations in the nation. We continue to welcome new immigrants from Asia. We also boast a large population of second and third generation Asian Americans – children and grandchildren of immigrants who came as a result of the Act's passage. They are all the living legacy of the Immigration and Nationality Act of 1965 and an embodiment of the American Dream.

Whereas, in our efforts to appreciate our diverse communities, a deeper understanding of our historical progressions and our accomplishments must be encouraged and shared.

NOW THEREFORE BE IT RESOLVED, that the Borough of Harrington Park hereby annually commemorates the October 3rd signing of the Immigration and Nationality Act of 1965 to honor the special history of Asian Americans in our country and to stand with Asian Americans beginning with those in our very own community.
